Subject: 4300 Liberty - short-term rental, Case 21-400-11

As the owner of a property directly across the street, I vehemently oppose this short-term rental operation. The house is in poor condition; with crumbling driveway, no rails on front steps, large dead or dying trees in the back yard. I doubt the interior is much better.

This will not enhance the neighborhood. We already have a house (two doors north of this one) housing a drug addict (son of the owner). Police have been called multiple times, but no permanent solution to the problem has occurred. Please send me meeting ID and password. Thank you.
