To Whom it may concern:

I am submitting a letter requesting to operate a home business at my residence.

The following are answers for the requested information for my application:

1. Customer/Client activity - Bathing and grooming dogs.
2. Available Parking – My driveway is capable of holding up to five (5) vehicles.
3. Business Location in the building (home) – A back bedroom will be converted.
4. How the business will operate – by appointment only and one customer at a time.
5. What hours will the business operate – Approximately 9 to 3 daily when appointments are scheduled.

Enclosed is a plot plan for showing the overhead view of the home and parking access in the driveway.

Your approval will be appreciated greatly as this is the best solution to earning a living for me and my children.

Thank you in advance,

 12/2/21
