Independence City
Planning & Zoning

To whom they may concern,

This application to rezone the property at 17422 E 39th Street South (Green Meadow Farm Lot 3) is for marketing purposes. We would like to sell this property for commercial use. It makes more sense for this property to be commercial since it is surrounded by commercial businesses.

This request falls in line with the city plan. I would appreciate the planning and zoning department's consideration of this request.

Thank you!
